

**Lexington School's 7th Annual
(and Possibly Last)
Day on the Green – Sunday, May 18, 2008**

For those of you planning to join me on this event, we will meet in Los Gatos at the McDonald's on Los Gatos Boulevard. From San Jose, take the Lark Avenue exit off Highway 17, turn left at the end of the exit ramp and go back over the top of the Highway to Los Gatos Boulevard. Turn right on the Boulevard, go to the first stop light and look for the McDonald's Restaurant on your right.

We will be leaving McDonald's at 12:15 to cruise through downtown Los Gatos and out to the Lexington School. Once there, we will be joined by an eclectic group of over 30 vehicles, including a 1932 Dodge Fire Engine. In addition to the cars and trucks on display, there will be live music, great food, activities for kids, and a silent auction of some great items.

In June when school lets out for the summer, Raff Strudly, Lexington School's Principal and our host for this event, will retire and the school will undergo a major remodeling. Without a host and little or no "green" available to park on after the remodel, it is very likely this will be our last Day on the Green event. Hope to see you there.

Russ
